Esteban Andrade

UX / Product Designer

isaiandrade7.ea@gmail.com · (+593) 983848255 · linkedin.com/in/estebandrade13 · behance.net/esteban13 · English: Upper-Intermediate

PROFILE

UX/Product Designer with a strong visual foundation, focused on user-centered digital experiences built through research, customer journeys, design thinking and design systems. Aligns design decisions with business goals and works across teams to deliver intuitive products. Builds and ships interfaces with AI coding agents (Claude Code, Antigravity, Codex) and uses no-code automation to improve efficiency and support data-informed decisions.

EXPERIENCE

PW Digital | UX & UI Designer
Dec. 2025 – Present · Quito, Ecuador

- Designed user flows and conversion-focused experiences aligned with marketing campaigns.
- Collaborated with marketing teams to map customer journeys and optimize key touchpoints.
- Automated a manual lead-reporting workflow with Make and a real-time Google Sheets dashboard.

Tools: Figma, Make, Google Sheets, Airtable, Webflow

PW Digital | UI Designer
Oct. 2025 – Dec. 2025 · Ecuador

- Designed user interfaces for web and mobile with strong visual hierarchy and usability principles.
- Improved user flows and interface clarity to increase trust and ease of use.
- Created responsive layouts aligned with brand guidelines and accessibility standards.

Tools: Figma, Illustrator, Photoshop

Autority | Graphic & UI Designer
Feb. 2025 – Oct. 2025

- Designed wireframes and interactive prototypes to communicate UX concepts to stakeholders.
- Improved usability and interface clarity through systematic component design.
- Maintained visual consistency and design standards across digital platforms.

Tools: Figma, Illustrator, Photoshop

Universidad Andina Simón Bolívar | Graphic Designer (Internship)
May 2024 – Dec. 2024

- Created institutional visuals and event materials that strengthened brand identity.
- Produced high-quality assets for digital and print media with visual consistency.

VSinnova | Graphic Designer (Internship)
Jul. 2023 – Nov. 2023

- Designed digital graphics that increased social media engagement for health and tech brands.
- Ensured brand consistency across multiple digital platforms.

Freelance | UX & Visual Designer
2021 – Present

- Managed design projects end-to-end from discovery to delivery.
- Developed UI prototypes, branding systems, and visual identities for diverse clients.

PROJECTS

GoNow | Urban Mobility App · behance.net/gallery/216556661
UX/UI · Mobile App · Public Transit · Quito, Ecuador

- Designed a mobile app to simplify public transit in Quito: route planning, real-time info, digital payments and an integrated SOS safety feature.
- Mapped user pain points from 6 interviews and translated them into a unified platform that reduces cognitive load.

Iguana | Product Idea
UX · Product Concept

- A simple tool for small service businesses to see their day, clients and payments in one place.

EDUCATION

Universidad de Palermo | B.S. Design & Communication Business
2025 – Present

Instituto Metropolitano de Diseño | Tech. Multimedia Design & Audiovisual Production
2021 – 2025
